

Preschool Days and Hours

We serve children who are
2 years of age thru 5 years of age.

We offer classes for all ages
2, 3, or 5 days per week.

Our Half-Day Preschool Program is
from 9:00 - 12:00

Our Full-Day Preschool Program is
from 9:00 - 3:30

We also offer extended hours from
7:00 - 9:00 a.m.

Our classrooms offer children teacher-directed activities as well as much time for free choice center times to explore concepts through hands on activities. Teachers are always building on expressive language and provide time for children to share and talk throughout the day as we focus on all areas of learning.

Mission Statement

Our preschool program is dedicated to the development of the whole child. We strive to provide an enriched preschool atmosphere that meets the social, emotional, physical, and cognitive needs of 2 to 5 year-olds. We provide a safe and nurturing environment that our students and families feel welcome and comfortable in which to learn.

Philosophy

Stone Church Preschool

believes that young children learn best through play. At SCP each child is loved, respected and encouraged. Our classrooms are teacher directed and child-oriented so the children can best learn in a long lasting way, through a hands-on approach.

Our curriculum has the objective of helping the whole child to grow and develop at their own pace.

We also believe that parents/guardians have the most influence in a child's life. We view parents as our partners in the education of their children.

Goals

- We will provide children with opportunities to develop socially, emotionally, physically and cognitively. Loving teachers foster self-esteem through relationships with adults who express acceptance and respect for all children. We use the techniques of Conscious Discipline to build a caring, respectful relationship with peers and adults. We create an environment that allows children to utilize problem-solving techniques with peers.
- Our professionally trained and qualified staff guides students in their learning by providing learning activities and materials that are concrete, real and meaningful to the lives of young children. By offering a developmentally appropriate curriculum, we recognize that all children are different and to allow such differences to surface in daily activities.

We strive to foster a love for learning and to balance an academically rich environment with a creative/exploratory one that provides an opportunity to succeed.
